ETHIOPIAN ECONOMICS ASSOCIATION [EEA]

**ECONOMIC KNOWLEDGE
FOR
OPTIMAL DECISION**

I. Establishment

The Ethiopian Economics Association (EEA) was established as a non-profit making, non-political and non-religious professional Association in 1991 at the end of the First Annual Conference on the Ethiopian Economy. The Conference was organized by the Department of Economics of the Addis Ababa University (AAU) in collaboration with the Institute of Development Research of the AAU and sponsored by Friedrich Ebert Stiftung of Germany.

The Association established, under it, the Ethiopian Economic Policy Research Institute (EEPRI) as its research, publication and training arm in July 2000. The EEA is the first independent economic policy research institute in Ethiopia. The major objectives of the Institute include (i) providing continuous information and analysis on economic matters; (ii) promoting informed public debate; (iii) enhancing public participation in policy issues and (iv) contributing towards the development of the Ethiopian economy by undertaking rigorous and empirical economic and social research.

II. Objectives

The Ethiopian Economic Association (EEA) is formally registered with the Ministry of Justice to accomplish the following objectives:

- to contribute to the economic policy formulation capability and broadly to the economic advancement of Ethiopia;
- to promote the professional interest of Economists;
- to promote the study of economics in the country's educational institutions;
- to promote economic research and assist in the dissemination of the findings of such research in Ethiopia;
- to provide fora for the discussion of economic issues, and
- to promote professional contacts between Ethiopian economists and those of other countries.

III. Governance

The Association holds General Assemblies of members annually where the activities of the Association are discussed and future plans approved. The General Assembly is the highest decision making body with the responsibility of providing an overall policy framework. An Executive Committee elected by the General Assembly and serving for three years provides leadership. All members of the Committee serve without pay. It has a secretariat with employed staff who manage the day to day activities of the Association.

The Ethiopian Economic Policy Research Institute, which is a subsidiary of the Association is organized under four research divisions namely, Agriculture and Rural Development Division, Trade and Industry Division, Social and Human Resource Division and Macroeconomic Division. Each division is staffed with at least one full time senior researcher and one researcher. In addition, a Principal Researcher who is appointed by the Executive Committee, provides leadership to the institute.

IV. Major activities of EEA/EEPRI

a) Research undertakings

Since the establishment of EEPRI as the research outfit of the Association, several policy related research activities have been undertaken by the respective research divisions.

- The research activities can be categorized into core-research undertakings, self-initiated but non-core research works, collaborative research and demand driven research activities.
- The research results are disseminated to policy makers and other stakeholders through dissemination workshops and are published in the various publications of the Association.

b) Organizing conferences, workshops, lectures and regular discussion forums

- The Association has a long history in organizing Annual Conferences where research papers on the Ethiopian Economy were presented. Starting from the 12th annual conference in 2002, EEA has transformed the national conferences to international conferences which are conducted on a yearly basis.
- The Association has organized Annual Regional Conferences at regional cities in collaboration with universities which housed EEA Chapters.
- The Association also organizes different workshops on different thematic and timely issues.
- EEA has the culture of organizing public lectures by inviting prominent and renowned local or expatriate economists to speak on different thematic and timely issues with the aim of creating platforms for sharing their experiences.

c) Publications of EEA/EEPRI

The research findings of EEPRI and the outcomes of workshops, conferences and discussion forums are published and distributed to the different stakeholders in various formats. Some of the regular publications of EEA and its outfit include the following:

- **Conference proceedings** - selected papers presented on the annual conferences and the international conferences are published in the form of conference proceedings;
- **Ethiopian Journal of Economics** - a bi-annual journal, in which economic research findings are published;
- **Annual Reports on the Ethiopian economy** - provides an independent review of the performance of the Ethiopian economy;
- **Quarterly Reports** - reviews the performance of the macroeconomic variables quarterly;
- **Newsletter** - News and other development in EEA published bi-monthly
- **Other publications** - EEA/EEPRI publishes different working papers,

research reports on various research findings and monographs regularly

d) Economic and social Database

- Since 2004, EEA/EEPRI has started producing an electronic social and economic database on a CD-ROM.

e) Short-term trainings and Internships

- Several short term trainings are provided on different economic issues to EEA members and other targeted community members at Addis Ababa and regions.
- EEA invites third year undergraduate economics students from the different universities in the country for a two months internship program during the summer. It also provides internship facility for economics students from different universities outside the country by request.
- Staff members of EEA participated as lecturers, theses advisors and theses examiners for various universities and colleges.

f) Collaborative works and Policy advices

EEA/EEPRI is often engaged in collaborative works with international organizations, the government of Ethiopia, non-governmental organizations, the private sector and civil society organizations in addition to providing policy advices for such organizations.

g) Documentation services

- The Documentation center has a collection of around numerous materials which includes books, journals, newsletters, proceedings, CD-ROMs, video and audio cassettes.
- The Center also provides internet services, offline database and loan to its members, university students and the general public.
